

We believe that standing together will make our country rise up again with solidarity among every one of us.

As we are all trying to move on with our lives after the major and crucial Blast that took over on August 4th, and hit our beloved city Beirut, we wish you all good health and count on you to be resilient as ever in holding up together and unite in helping each other to rise high again to a better Lebanon.

We, the Mediterranean and Gulf Insurance and Reinsurance Company (MEDGULF), were dedicated throughout the years to fully serve our esteemed clients and help them through their difficult crisis in resolving their claims in the best way possible.

Despite the damages and losses that hit our offices and facilities in the 4th of August Explosion, and triggered by our patriotism to support our beloved city Beirut, and to help out in easing our clients suffering, we have decided to compensate all Motor damages resulting from the 4th of August regardless of the cause / proximate cause of the incident which will be announced by the official authorities.

Moreover, we do explicitly state that the compensation will be strictly limited to the motor policies without any further explanation or interpretation or impact on the other insurance lines of business where the coverage will be pending until the final official investigation result.
